MAHAMMADALI NANDOLIYA

FRONT-END DEVELOPER

PROFESSIONAL PROFILE

Dynamic Front-end Developer Intern with experience in innovative web solutions, currently seeking to leverage skills in a challenging role. Proficient in modern technologies such as HTML5, React, and JavaScript, demonstrating a solid foundation in responsive design and user interface development. Committed to enhancing user experiences through effective coding practices and continual learning. Educational background includes a Master's in Computer Application, complementing technical expertise with a strong academic foundation. Eager to contribute to a forward-thinking team and drive impactful projects.

WORK EXPERIENCE

Internship Opportunity at Logicrays Technologies Pvt. Ltd. January 2025 - April 2025

As an Intern at Logicrays Technologies Pvt Ltd, I developed dynamic web applications focused on user experience, collaborating with senior developers on user interface design using modern web technologies. Key contributions included:

- Creating interactive web interfaces with HTML5, CSS3, and JavaScript to boost user engagement.
 - Implementing responsive design principles for optimal performance across devices.
 - Gaining experience with Git for version control, aiding project management.
- Participating in code reviews to enhance code quality through constructive feedback.
